

Rhode Island Parrot Rescue

PRESS KIT

who we are

Rhode Island Parrot Rescue (RIPR) is the only 501(c)3 nonprofit rescue in the state of Rhode Island to focus exclusively on rescuing, rehabilitating, and re-homing exotic birds to qualified homes for adoption.

The rescue reached its current iteration in 2014 after re-securing its 501(c)(3) status. RIPR looks to continue its upward growth to help as many captive parrots as possible.

our mission

- Rescue** captive exotic birds in need.
- Rehabilitate** birds' health and behavior.
- Adopt** parrots to qualified, loving homes.
- Educate** the community on proper parrot care.

our vision

RIPR aims to be a premiere space for homeless exotic birds who need a safe place to land while awaiting a new qualified and loving home.

★★★★★

I am so impressed. The birds are extremely well taken care of and receive love! They carefully vet any potential adopters and have a process in place – this is not a "one and done" deal, so expect to make a couple visits! They are so willing to answer any and all questions, which I appreciate!

I love that they ensure the bird is placed in a good, loving home and will be taken care of! So refreshing to see genuine care and concern for parrots ❤️

We made 5 almost 2 hour trips to RI because RIPR is dedicated to their birds and ensuring that they go to homes that are right for the birds. They continue to answer questions even after you bring your new babies home. Great group to work with.

My wife and I adopted an Amazon from this rescue that was rescued about 4 years ago. The entire process was professional and courteous, and as it should be, in the best interest of the adopted. Pickles, my Amazon is loving and very happy. She is that way because of the care she received at the rescue as she was only a non cared for breeder parrot, so I have to give the credit to the rescue for the awesome care, love and guidance these rescues get to become awesome parts of families. Thank you for all you do, it's very much appreciated!!

Adopted 2 birds from the rescue. The people are amazing and work very hard to make sure these birds find the best suitable home. I've been volunteering with the organization for 2 years and love being able to help out. All volunteer based 501 (c) 3 non profit. Consider donating or volunteering it's not only dog and cats that need help in shelters.
